Commissioners
Arizona Corporation Commission

Dear members of the Arizona Corporation Commission,

Docket Number: E-01345A-16-0036 ~~FE~~-01345A-16-0123

COME ON, YOU GUYS! ENOUGH IS ENOUGH! I am writing to urge you to say no to the proposed APS rate hike.

As an APS customer on the least expensive plan available I reduce my electricity use purposefully. However, if APS increases its monthly fixed fee, consumers who work hard to conserve energy and be more energy efficient can't do anything to reduce that fee. That isn't fair. There are already too many nickel and dime charges that add up to over 100 bucks each month in the summer. Please oppose any increase to service charges.

Please also vote no on mandatory residential demand charges. I appreciate that the Commission did not approve these charges in its recent decisions on the UNS Electric and TEP rate cases. Please continue that trend. Charging consumers for the maximum amount of demand used in only one hour of the month is likely to increase what consumers pay each month and decrease incentives to reduce energy use.

Please say no to unfair utility charges. Have you looked at APS'S financial sheets lately? They continue to make money and put very little into infrastructure. Demand that they work on the future of our state.

Sincerely,

Skylur Haggart
